	Session 1 w/ this Decoy	Session 2 w/ this Decoy	Session 3 w/ this Decoy	Session 4 w/ this Decoy
Date	01/01/15			
Trigger for session (ex. dog, strangers, etc.)	Dogs			
Decoy info (name/species/important info)	Decoy Daisy, calm Lab, exercised before session			
Location	DD was at NE corner of 3 rd and Vine, I was walking from house.	SAMPLE		
Starting stimulus level: (distance/volume, etc.) & finish	Start: 100 feet Finish: 20 feet			
Progress (in feet, decibels, etc.)	80 feet			
Important details for this session (on purpose or accidental)	3 dogs also walked by & we treated. Daisy faced away and did training.			
BAT session number (with all decoys)	3			
Session duration (minutes)	45 with 5 minutes break			
Comments on how it went, what to do better next time, etc.	Went great! Next time face Daisy toward Fido, same location. Maybe start looking for more approach behaviors.			
# of outbursts/panics / # of trials	0/53 (yay!)			
Behaviors Rewarded	Lots! Mostly head turns away, ground sniff, body turns.
